I'm a passionate UX/UI designer and developer who loves building user-friendly and engaging digital experiences. I also enjoy graphic design and bringing a clean visual style into my projects.

Experience

Internship
Sep 2025 - Feb 2026

UX / UI Designer & Developer

Contributed to the redesign and development of the 'Samen aan Z' platform, a data collection tool for healthcare research. Worked with Angular (Module Federation) and Tailwind CSS to build a scalable and future-proof system.

Jan Linders
2018 - 2023

Bakery Employee Supermarket

Worked in a bakery and deli department of a supermarket, where I learned to manage my tasks and make quick decisions when stock was running low.

Jakobs Tuinbouwbedrijf
2014 - 2018

Greenhouse Worker

Made sure pepper plants could grow higher by waving them around a rope.
